REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF EMAAR PROPERTIES PJSC

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Emaar Properties PJSC (the "Company") and its subsidiaries (together referred to as the "Group") which comprise the interim condensed consolidated statement of financial position as at 30 September 2026, and the related interim condensed consolidated income statement and interim condensed consolidated statement of comprehensive income for the three-month and nine-month periods then ended, and the interim condensed consolidated statement of changes in equity and the interim condensed consolidated statement of cash flows for the nine-month period then ended, and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, *Interim Financial Reporting* ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

1 DOMICILE AND ACTIVITIES

Emaar Properties Public Joint Stock Company (the "Company") was established as a public joint stock company by Ministerial Decree number 66 in the year 1997. The Company was established on 23 June 1997 and commenced operations on 29 July 1997. The Company and its subsidiaries constitute the Group (the "Group"). The Company's registered office is at P.O. Box 9440, Dubai, United Arab Emirates ("UAE"). The shares of the Company are traded on the Dubai Financial Market. The principal activities of the Group are property investment, development and development management, shopping malls and retail, hospitality, property management and utility services and investments in providers of financial services.

The interim condensed consolidated financial statements were authorised for issue on 5 November 2026.

2.1 BASIS OF PREPARATION

The interim condensed consolidated financial statements of the Group for the period ended 30 September 2026 have been prepared in accordance with International Accounting Standard (IAS) 34: Interim Financial Reporting and UAE Federal Decree Law No. (32) of 2021, as amended. The Group has prepared the interim condensed consolidated financial statements on the basis that it will continue to operate as a going concern.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with IFRS Accounting Standards (IFRS) and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2025. The same accounting policies, methods of computation, significant accounting judgments and estimates and assumptions are followed in these interim condensed consolidated financial statements as compared with the most recent annual consolidated financial statements, except for the new standards, amendments and significant estimates and judgements adopted during the current period as explained in note 2.3.

The interim condensed consolidated financial statements have been prepared in United Arab Emirates Dirhams (AED), which is the Company's functional and presentation currency, and all values are rounded to the nearest thousand except where otherwise indicated. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

The interim condensed consolidated financial statements have been prepared on a historical cost basis, except for certain financial assets measured at fair value through other comprehensive income (FVOCI) and fair value through profit or loss (FVTPL), which are measured at fair value. Historical cost is generally based on the fair value of the consideration given in exchange for assets.

The preparation of interim condensed consolidated financial statements on the basis described above requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Certain comparative amounts have been reclassified to conform to the presentation used in these interim condensed consolidated financial statements. Results for the period ended 30 September 2026 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2026.

Geopolitical events

The Group continues to monitor regional geopolitical developments, including the recent conflict involving the United States, Israel and Iran which has affected certain economic activities and market sentiment across the Gulf Cooperation Council (GCC) region. While the situation remains fluid as at the date of approval of these interim condensed consolidated financial statements and its longer-term impact is uncertain, management has assessed the implications for the Group's operations, financial performance, liquidity and asset valuations.

Based on this assessment, management has concluded that there is no material adverse impact on the Group's core businesses in the GCC region, including the UAE. The Group's real estate development operations remain well supported by the revenue backlog, ongoing construction activity, and customer collections broadly in line with expectations. Further, the Group's leasing portfolio in the region continues to benefit from high occupancy levels and a significant fixed-rent component. The hospitality and certain entertainment businesses, which are dependent on visitor flows, were impacted following the start of the conflict; however, hotel occupancy levels and visitor footfall at the Group's attractions have improved consistently compared with the start of conflict. These businesses represent a smaller portion of the Group's overall performance.

Management has also assessed potential impairment indicators and, having considered the most recent independent valuations as at 31 December 2025 that indicate headroom over the related carrying values, has concluded that no impairment or material valuation adjustment is required as at the reporting date except for certain non-financial assets where impairment of AED 135 million in property, plant and equipment is recorded on account of significant uncertainty over recoverability of the Group's investment.

2.1 BASIS OF PREPARATION (continued)

The Group's liquidity position is supported by customer collections, available funding and investment-grade credit ratings from S&P and Moody's, each with a stable outlook in their latest review reports dated 25 September 2026 and 1 May 2026 respectively. Accordingly, these developments are not expected to have a material adverse effect on the Group's interim condensed consolidated financial position, results of operations, or cash flows. Management will continue to monitor the situation closely and will reassess its conclusions should circumstances change materially.

2.2 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies and the methods of computation adopted in the preparation of these interim condensed consolidated financial statements are the same as those applied in the preparation of preceding annual published consolidated financial statements of the Group for the year ended 31 December 2025 except for the adoption of the amendments as described in Note 2.3 below.

2.3 CHANGES IN THE ACCOUNTING POLICIES AND DISCLOSURES

A number of new standards are effective for annual periods beginning on or after 1 January 2026 and earlier application is permitted, however, the Group has not early adopted any standard, interpretations or amendments in preparing these interim condensed consolidated financial statements.

(a) New standards, interpretations and amendments adopted by the Group

The following new standards, interpretations and amendments are effective from annual periods beginning on 1 January 2026:

	Effective date
Annual Improvements to IFRS Accounting Standards - Volume 11	1 January 2026
Contracts Referencing Nature-dependent Electricity – Amendments to IFRS 9 and IFRS 7	1 January 2026

3 SEGMENT INFORMATION

Business segments

Business segment is the primary segment of the Group. For management purposes, the Group is organised into three major segments, namely, real estate (develop, sell and manage condominiums, villas, commercial units and plots of land), leasing, retail and related activities (develop, lease and manage malls, retail, commercial and residential spaces) and hospitality (develop, own and/or manage hotels, serviced apartments and leisure activities). Other segments include businesses that individually do not meet the criteria for a reportable segment as per IFRS 8 'Operating Segments'. These businesses are property management and utility services and investments in providers of financial services.

Revenue from sources other than property sales, leasing, retail and related activities and hospitality are included in other operating income.

8 INCOME TAX

The Group recognises income tax expense using the tax rate that would be applicable on the taxable profits based on management's estimate. Following the enactment of the UAE Domestic Minimum Top-up Tax ("DMTT") effective 1 January 2025, the Group has recognised an additional top-up tax expense to ensure compliance with 15% UAE Domestic Minimum Top-up Tax regulations. The Group falls within the scope of DMTT based on the applicable consolidated revenue threshold. The Group's average annual effective tax rate ("ETR") for the nine-month period ended 30 September 2026 is 13.5% (period ended 30 September 2025 was 12.5%). The major components of income tax expense in the interim condensed consolidated income statement are:

Deferred tax assets and liabilities mainly comprise of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases. In the current period, deferred tax assets were recognised in India on account of unabsorbed losses and provisions, to the extent considered recoverable. Deferred tax liabilities recognised in prior years were on account of fair value gain on India assets recognised upon gaining control of Emaar India which is adjusted for the impairments recognised on non-financial assets, purchase price allocation impact due to the acquisition of a subsidiary in Egypt and temporary differences arising in Egypt from unrealised income.

The Group applied the Ministerial Decision 120 of 2023 ('MD 120') under Transitional rules for Federal Decree Law No. 47 of 2022 on taxation of Corporation and Businesses on immovable properties in the UAE. To ensure compliance and obtain further clarity on the appropriate method for calculating the impact of MD 120, a formal clarification request had been submitted to the Federal Tax Authority (FTA) of the UAE. Based on the received response, management had recognised the tax relief starting with the period ended 30 September 2025 aligning with the principles of IFRIC 23 'Uncertainty Over Income Tax Treatments'.

2. The Group has provided a financial guarantee of AED 5,000 thousand *(31 December 2025: AED 5,000 thousand)* as security for the letter of guarantee issued by a commercial bank for issuance of a trade license from the Government of Dubai.

3. The Group has provided a performance guarantee of AED 5,200,242 thousand *(31 December 2025: AED 9,008,412 thousand)* to the Real Estate Regulatory Authority (RERA), Dubai for its projects as per RERA regulations.

4. The Group has provided performance guarantees of AED 85,190 thousand *(31 December 2025: AED 103,177 thousand)* to various government authorities in India for its projects. The banks have a lien of AED 3,808 thousand *(31 December 2025: AED 9,156 thousand)* towards various facilities.

5. The Group has a credit card facility of AED 256 thousand *(31 December 2025: AED 202 thousand)* in Egypt for its projects. The bank has a lien of AED 256 thousand *(31 December 2025: AED 246 thousand)* towards this credit card.

23 GUARANTEES AND CONTINGENCIES (continued)

b) Contingencies

1. (a) Andhra Pradesh Industrial Infrastructure Corporation Ltd. ('APIIC'), a joint venture partner in certain subsidiaries of the Group in India, issued a legal notice to Emaar Hills Township Pvt Ltd, ('EHTPL' – a joint venture of the Group with APIIC) the SPV with APIIC, to terminate certain development and operational management agreements which were entered into between Emaar India Limited, EHTPL and Boulder Hills Leisure Private Limited ('BHLPL' – a joint venture of the Group with APIIC). In addition, thereto, a number of litigations were initiated against the Group by third parties on the grounds of alleged irregularities in acquisition and allocation of land, sale plots etc. Under the matter, the Group had also received an attachment order of certain properties from Enforcement Directorate. The Group has assets and liabilities of INR 4,645 million (AED 186 million) and INR 1,275 million (AED 51 million) respectively.

   The management based on legal advice, is of the opinion that all the aforesaid matters filed by APIIC which are now being contested by Telangana State Industrial Infrastructure Corporation ('TSIIC'), shall be settled amicably by the parties through local and legal provisions available.

   (b) TSIIC has filed a Petition before the National Company Law Tribunal, ("NCLT") Hyderabad Bench against EHTPL and certain other parties under Section 241 and 242 of the Indian Companies Act 2013. The management believes that since the factual position with respect to demerger proceedings between APIIC and TSIIC has not changed and are still pending, therefore TSIIC has no locus standi to file the petition as it is not a shareholder and recorded member of EHTPL, and its name has not been entered into the Statutory Register of Members as maintained in terms of the provisions of the Indian Companies Act 2013. Accordingly, management believes that the petition filed by TSIIC is not tenable. However, on 25 July 2022, the maintainability issue had been decided by the NCLT, Hyderabad Bench in favour of the TSIIC and the Group or its representatives have been restrained from dealing with the assets and properties of EHTPL. The Group appealed the judgement of the NCLT before the NCLAT. The NCLAT vide judgement dated 10 October 2022 decided the maintainability issue in favour of TSIIC, however, the interim order granting compensation has been set aside by the NCLAT. The Group had filed an appeal before the Supreme Court of India to challenge the judgement by NCLAT where the Supreme Court declined to interfere in the orders of the NCLAT, however, has left the decision on maintainability open till final adjudication of the matter.

   Thereafter, EHTPL filed an application seeking reference of the matter to arbitration as provided under the contractual agreements between the parties. This application is now pending for arguments before the NCLT along with the main petition.

2. Emaar MGF Construction Private Limited (EMCPL), a subsidiary of the Group, had developed and constructed the Commonwealth Games Village (CWGV) in India on a Public Private Partnership model in furtherance to the Project Development Agreement (PDA) entered with Delhi Development Authority (DDA) on 14 September 2007. After acknowledging completion and issuing occupancy certificate, DDA invoked the performance Bank Guarantee (BG) of INR 1,830 million (AED 73 million) towards liquidated damages and raised other claims alleging that EMCPL had not been able to achieve the project timelines as per the terms of PDA. EMCPL contested the matter by filing petition with Delhi High Court who later formed an Arbitral Tribunal where EMCPL filed claims of INR 14,182 million (AED 567 million) and DDA filed a counter claim of INR 14,460 million (AED 578 million). The final arguments have commenced before the Tribunal and are yet to be concluded.

   Based on legal opinion, the Management believes that EMCPL has met the requirements as per PDA and the LD imposed/ BG invoked and other claims raised by DDA are not justifiable.

24 COMMITMENTS

As at 30 September 2026, the Group had commitments of AED 34,406,097 thousand *(31 December 2025: AED 35,450,654 thousand)* which include project commitments of AED 34,116,808 thousand *(31 December 2025: AED 35,043,664 thousand)*. This represents the value of contracts entered into by the Group including contracts entered for purchase of plots of land at period end net of invoices received and accruals made at that date.

There are certain claims submitted by contractors and other parties relating to various projects of the Group in the ordinary course of business from which it is anticipated that no material unprovided liabilities will arise.

Operating lease commitments - Group as lessor
The Group has entered into leases on its investment property portfolio. The future minimum rentals receivable under non-cancellable operating leases contracted for as at the reporting date but not recognised as receivables, are as follows:

	30 September 2026 AED'000	*31 December 2025 AED'000 (Audited)*
